

FTT Four-Way Float Top Table

The Universal FTT was designed to simplify the process of accomplishing high quality general radiography images with minimal patient shifting. The smooth gliding four-way float top table enables the operator to easily position the top to get to the patient's area of interest. Universal...a name trusted for over 75 years.

As with the design criteria of all Universal products, the FTT incorporates features to provide comfort and safety for both operator and patient. Combine the FTT with a comprehensive selection of tubestands, generators and wall stands for a high performance system. The FTT is also an ideal choice to replace an older table that does not offer patient and operator safety.

Standard Features

- Smooth sturdy table top and frame supports patients up to 500 lbs. (227 kg)
- Convenient recessed foot treadle controls release of electromagnetic table top locks
- Recessed foot treadle reduces risk of patient accidentally releasing locks when disembarking table
- Precision stainless steel bearings offer smooth table top movement, making patient positioning effortless and minimizing operator fatigue
- Welded steel structure provides maximum strength, rigidity and reliability to insure years of service
- 17" x 17" (43 cm x 43 cm) reciprocating bucky with 103 line, 8:1 fine line grid for superior film quality
- Manual cassette tray accepts 14" x 17" (35 cm x 43 cm) and smaller film sizes, both inch and metric
- Generator electronics can be housed in table base to reduce space requirements

Options

- 10:1 or 12:1 ratio grid
- 17" x 17" (43 cm x 43 cm) grid cabinet
- Ion chamber to accept AEC capability of generator
- Size sensing cassette tray

Technical Specifications

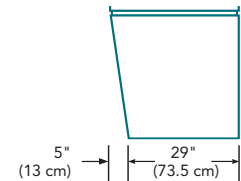

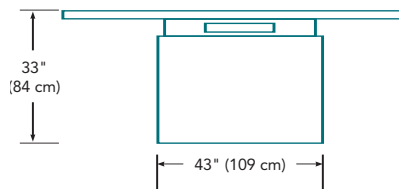

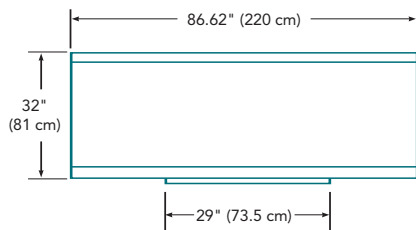

Table Base	43" (109 cm)
Table Top	86.62" (220 cm)
Table Top Height	33" (84 cm)
Longitudinal Travel	55.38" (140 cm)
Transverse Travel	9.75" (25 cm)
Table Top To Film Distance	2.625" (6.7 cm)

Complies with all CDRH performance standards in effect at the date of manufacture.

Made in U.S.A. – ETL Listed

An ISO13485 Certified Facility
